

Electronic Visit Verification (EVV)

Live-in Caregiver

Attestation Form

Electronic Visit Verification (EVV) is a technology solution which electronically verifies visit information to ensure that home and community-based services are delivered to the client. States are permitted to exempt live-in caregivers from EVV requirements for services provided to the client within the shared home setting. This form is intended to document that an Employee resides with the client in services, either permanently or for extended periods of time.

***Please note: This form is only required if the Employee is **not** submitting a Live-in Caregiver Exemption Form for exemption from Overtime.

EMPLOYER'S ATTESTATION:

I understand that hours submitted by this Employee for services provided to this client within the shared home setting are exempt from EVV requirements. I also agree to notify Acumen immediately if this shared living arrangement ever changes in the future, resulting in this Employee and this client residing separately. When this happens, this Employee will begin meeting EVV requirements for all services provided no matter the setting.
