Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2023 if you meet both of the following conditions: you had no federal income tax liability in 2022 **and** you expect to have no federal income tax liability in 2023. You had no federal income tax liability in 2022 if (1) your total tax on line 24 on your 2022 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2023 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2024.

Your privacy. If you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c).

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay income and self-employment taxes through withholding from your wages, you should enter the self-employment income on Step 4(a). Then compute your self-employment tax, divide that tax by the number of pay periods remaining in the year, and include that resulting amount per pay period on Step 4(c). You can also add half of the annual amount of self-employment tax to Step 4(b) as a deduction. To calculate self-employment tax, you generally multiply the self-employment income by 14.13% (this rate is a quick way to figure your self-employment tax and equals the sum of the 12.4% social security tax and the 2.9% Medicare tax multiplied by 0.9235). See Pub. 505 for more information, especially if the sum of self-employment income multiplied by 0.9235 and wages exceeds \$160,200 for a given individual.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

If you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2023 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2023 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$27,700 if you're married filing jointly or a qualifying surviving spouse; \$20,800 if you're head of household; \$13,850 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

Pay Selection Options for Employees

Below are the different ways employees have for getting paid through Acumen. Please read the information about each option and choose the one that is right for you. Paystubs will be sent to the email provided on the Authorization for Direct Deposit or Pay Card on the following page. **You will need to provide additional information based on what you select. Please read the instructions below and return all the needed forms.**

Direct Deposit

With this choice, your paycheck will be deposited into your bank account on payday. There is no charge from Acumen to get your pay through direct deposit. You will receive an email with a link to Wells Fargo Secure Document Delivery (SDD) service, to access your pay stubs. You can have your paycheck deposited into one or two accounts. You may change your account information at any time. **Please note:** You have the option to deposit a flat dollar amount or a percentage amount of your check to the primary account. If you choose to have a flat dollar amount deposited into your primary account, you will need to provide a secondary account for the rest of the funds to be deposited. If you choose to have a percentage amount of your check deposited into two accounts, you must show the percent you want to be deposited to each. The percent total has to equal 100%. If no amounts are given, 100% will be deposited into the primary account. To enroll, fill out the information on the Authorization for Direct Deposit section of the form and return it, along with the additional requested items, to Acumen. You will receive paper checks by mail until your bank information is verified – usually within two pay periods.

Pay Card

Pay cards – also called pre-paid debit cards – work just like a regular debit card, but are used only for payroll deposits. You will receive an email with a link to Wells Fargo Secure Delivery (SDD) service, to access your pay stubs. For a complete fee schedule, see <https://docs.moneynetwork.com/moneynetwork/prepaid-fees.html>. Pay cards are up to 80% less expensive to use than check cashing services. Acumen does not charge for this option, although the card provider may charge fees for certain transactions. To enroll, complete the Authorization for Pay Card section of the form and return it to Acumen. Money Network will send you an information kit. **You will need to activate the card with Money Network and then contact Acumen with your account information.** You will receive paper checks by mail until this process is complete.

Please return the completed form (page 2 of 2) to Acumen. You can send by email, fax, or mail:

Email: Enrollment@acumen2.net

Fax: (866) 499 - 3076

Mail: 5416 E. Baseline Rd., Suite 200, Mesa, AZ 85206

Note: if you do not select one of the options, Acumen will send your pay check by regular mail. See the pay schedule for pay dates. We make every effort to get your check to you by payday; but it is impossible to guarantee the date that paper checks will arrive. Acumen is not responsible for any delays or mail sent to the wrong place after checks have been given to the U.S. Postal Service. If your paper check does not arrive within 5 business days of payday, you can call Acumen to do a stop payment and have a new check sent out. A handling fee of \$35.00 will be taken from the new check for each stop payment request. This fee may be waived by signing up for direct deposit or pay card. You will receive an email with a link to Wells Fargo Secure Document Delivery (SDD) service, to access your pay stubs.
